

A classic warmer with a twist. Students must find eight differences by describing their images to each other. No peeking!

The images are in 360° and can be viewed on smartphones. Test it out with your smartphone now by scanning the QR code on our site. Once the page opens hit the **"Open New VR Tab"** button. Hit **"Allow"** to use motion sensors. Then just have a look around!

If you have a smart board or projector, head to www.english-able.com/spot-the-diffs for the QR codes to display to your students.

Answers

- Female chef: one or two loves of bread
- Traffic cone colour
